

RUNNYMEDE SOCIETY

STUDENT LEADERSHIP CONFERENCE 2018

The Runnymede Society is a Canadian law student membership organization dedicated to exploring the ideas and ideals of the rule of law, constitutionalism and individual liberty. Runnymede seeks to foster greater intellectual diversity, rigour and debate in Canadian law schools and provide outstanding support and opportunities for intellectual enrichment, networking and professional development.

This summer, join an outstanding group of lawyers, journalists, judges and fellow law students from across Canada for a weekend of networking, learning and training in preparation to lead Runnymede Society chapters at their law schools.

Strong leadership by students is essential to ensuring that the Runnymede Society gets off to an excellent start for the new year.

We are delighted to be hosting a weekend for a select group of Runnymede Society chapter leaders in Banff, Alberta.

In addition to learning organizational skills, the weekend will also afford opportunities for deepening our knowledge of Canadian law and legal culture and current legal debates. The training will include stimulating debates and remarks from members of the legal community.
